

The primary purpose of Groton-Dunstable Regional High School is to provide a positive learning experience for all students. To this end, the administration, faculty, and staff are committed to maintaining an atmosphere of mutual respect and physical, emotional, social, and intellectual well-being in which students can reach their fullest potential. Through an evolving curriculum, we provide a framework for students of different capabilities and learning styles to acquire and apply the skills and understandings that allow them to contribute to society. By fostering a spirit of cooperation and support among the schools, the communities, the students and their families, we encourage each student to develop a spirit of inquiry and an intrinsic motivation for continuous growth and service so that they may live rewarding lives as responsible citizens in a rapidly changing world.
